Spray Tan Preparation

1. Exfoliate your skin 24 hours prior to spray tan with an exfoliating scrub to effectively cleanse the skin and gently slough away dry and dead skin cells.
2. Do not apply any products to the skin such as moisturizer, perfume, deodorant or makeup.
3. Wear loose dark clothing, loose footwear (no socks) and dark undergarments.
4. Do not use soap or high lathering body wash.
5. Check the WayToGlow website for heaps more tips on preparing and maintaining your great tan.
